

Who are we ?

Welcome to BA Immobilier,

We are a real estate agency created by Nathan Bru and Telman Aiibian in 2023. Our goal is to help our clients find affordable housing that meets their needs.

We believe that everyone should have access to safe and comfortable housing. This is why we created BA Immobilier, a real estate agency which is committed to helping the most deprived find a home.

At BA Immobilier, we are aware that finding accommodation can be a difficult task, especially at the moment due to the unfavorable economic situation (with a sharp rise in interest rates). This is why we work closely with government institutions (the Ministry of Housing) and local organizations, to offer affordable and quality housing to our clients (the DPE of housing is between A and C).

We are a passionate and dedicated real estate agency. We do everything we can to provide quality service to our clients, ensuring that each client receives personalized attention and support throughout the housing search process.

At BA Immobilier, we believe that every individual has the right to live in a healthy and secure environment. We are proud to help improve the quality of life in our community by providing affordable, quality housing.

We look forward to helping you find the perfect home for you and your family. Do not hesitate to contact us for more information about our services.
